May 2021 - April 2022***	<b>EPSE 598: Internship</b> (3 credits) In the field   350-hour internship (Start date and length dependent on placement)

*\*Please allow plenty of time for your application so that official transcripts and references arrive by the close date*

*\*\* Please refer to Path 1 and Path 2 options on the website. To be eligible to apply for this cohort, applicants either have to have equivalent coursework already completed meeting the pre-requisites (e.g., TSVI courses, CVRT courses, etc.) or be in the process of completing them. Contact [kim.zebehay@ubc.ca](mailto:kim.zebehay@ubc.ca) with questions.*

*\*\*\*Students can take up to two consecutive terms to complete the 350-hour internship. Additional time may require registering for EPSE 598 a second time. Students should be prepared for the possibility of taking time off to complete the internship and/or relocating short term, dependent on options available in local areas.*
